Education

Bachelor of Science in Computer Science

Expected: May 2022

Wichita State University, Wichita, KS

Dean's List GPA: 3.97

Work Experience

Software & QA Engineer – Internship

September 2020 - Present

NetApp, Wichita, Kansas

- Transitioned the company from using JQuery to React, a simple, fast, and scalable frontend library
- Used Authorization Code Flow to solve an authentication issue that the backend team was facing with Azure, saving 6 weeks of work
- Wrote code that fetched JWT from Django API and then decoded it to obtain user's information
- Used Docker to containerize React for development and deployment
- Gained mastery of Git, BitBucket, Atlassian, and other project management and collaboration tools

Mobile Developer & UI/UX Designer - Internship

May 2020 – August 2020

Sensor Dynamix, Hutchinson, Kansas

- Implemented Context API to reduce the number of requests made to the database by 85% - 93%
- Utilized ReactJS and React Native frameworks to develop a cross-platform mobile app (Android & IOS)
- Implemented OAuth and Firebase Authentication to allow users to sign in with their Google account
- Used Stripe to securely accept online payments, manage activities, and handle recurring subscriptions
- Responsible for designing both mobile app and website using Adobe XD

Skills
